[Despatch Abstract.]

R. W. Sulkavi Taluka - Sanctioning of Allotments under RWS and V.C. Division & funds for RWS & V-C. works - Permitted

Ref C.No. 23613/52-B7. SOUTH KANARA COLLECTOR'S OFFICE,
Mangalore, dated 25- 10- 1952.

Sri. C. A. Ramakrishnan, I.C.S.,
Collector of South Kanara.

To

The Secretary to Government,
Rural Welfare Department,
Fort. St. George, Madras- 9.

Sir,

Sub:- Rural Welfare - Sullia firka - Allotments under 'Village communication' and 'Rural Water Supply' certain proposals.

Ref:- 1) G.O.Ms.No.1050 R.W. Dept. d-17-9-1952
2) Ref.C.No.917/52 dated 20-10-1952 from the Rural Welfare Officer, Mangalore.
3) Proceedings of the LII meeting of the District Rural Welfare Committee - dated 21-10-1952. (Para 6 ii)

==========

I enclose copies of the references 2nd and 3rd cited. The proposals of the Rural Welfare Officer, Mangalore were agreed to unanimously at the District Rural Welfare committee meeting on 21-10-1952 for the reasons reported by the Rural Welfare Officer, Mangalore. I request that the entire amount of Rs. 25,000/- allotted under 'Rural Water Supply' sanctioned in the G.O first cited may be diverted to 'Village communication' raising the allotment under the latter head to Rs. 50,000/-.

Yours faithfully,

For Collector.

kvr-27-10-1952.

Copy of Ref.C.No. 917/52 dated 20-10-1952 of the Rural Welfare Officer, Mangalore to the Collector, South Kanara.

Sub:- Rural Welfare - Intensive work in Sullia firka - Importance of communication - Report - submitted.

On a preliminary survey of Sullia Firka it is found that there are no proper communications through the firka and the houses are scattered. And as such I submit that the Government may be moved to accord more funds for communication work in ~~their~~ this firka instead of ~~the~~ for Rural Water Supply as is being done. There will be very little scope for sinking of wells as groups of houses except in some small town areas are not found in these villages. So the savings that may be made in R.W.S. grants can be ~~direete~~ diverted to communications if the Government permit. This may kindly be placed before the Dt. Rural Welfare Committee, and Government addressed in the matter.

/True copy/

Extract from the proceedings of the XLII meeting of the South Kanara District Rural Welfare Committee held at the Board High School, Sullia on Thursday 21st October 1952.

R N I

Sb: R. W. Sulia fisha – Allotments unda R.W.S and V.C. – proposals.

Rf: from the Coll. of S. Kanara Rc C.No. 23613/1211 dy 25.10.52.

Please see the letter on page 1 cg. from the Coll. of S. Kanara and the enclosures thereto. The Coll. has proposed that the entire amount of Rs 25,000/- allotted under R.W.S. sanctioned in the GO Ms 1030 RW dy 17.9.52 be diverted to Village Communication work and finally raising the allotment under V.C. to Rs. 50000/- on the ground that there is very little scope for sinking of wells in Sulia fisha as groups of houses are not found in the villages except in some small towns town areas. The suggestion appears to have come from the RWO and the Dt. R.W.C. have also recommended the proposal. In the circumstances stated it is for orders whether the Govt. will accept the proposal of the Coll. S. Kanara to divert the funds allotted to R.W.S. to V.C. works in respect of Sulia fisha and permit the entire allotment of Rs 25000/- sanctioned for R.W.S. to be spent on V.C. works or permit the diversion of a portion of the funds allotted to R.W.S. as the Coll. has not categorically stated that there will not be any need for funds at all under R.W.S. at any time. It appears desirable to have the remarks of the Dy. D.R.W.Cs in the first instance.

7.11.52

Dy. D.R.W(S)

I visited and toured in Sulia, the newly selected fisha from 11th to 14th of this month. It is in Dakshina and it is entirely cut off from the rest of the world during the monsoon period i.e. for about half a year. Even the two mud roads branching from Mangalore Mercara Road leading to Subramania – the

ASSISTANT SECRETARY TO GOVERNMENT 18 NOV 1952 PUBLIC WORKS DEPARTMENT
DEPUTY DIRECTOR OF RURAL WELFARE (SOUTHERN RANGE) 78933 10 NOV 1952 RURAL WELFARE DEPARTMENT

ancient Bonine and which traverse across the Taluk are not usable during the monsoon on account of a number of mountain streams and rivers which are not yet provided with necessary Causeways and Bridges. Unless the problems of Communication and necessary bridges, and Causeways, Culverts etc are tackled immediately and in the first instance nothing can be done in this Taluk. The R.D. Staff will themselves be Completely cut off and each Grama Sevak cannot stir out of his village. So the Govt grants for P.W.R.D. works, the D.B. Board funds and R.D. Schemes from all Sources have to be pooled and judiciously used to make these two roads serviceable during the entire year. This was urged to be of utmost importance to them in all the villages I visited and the villagers are willing and anxious to contribute through their Panchayat Board and personally to take up other items of Communications which will be only useful to them if they are linked to these roads which they are made all weather worthy. In this mountainous area with numerous perennial jungle streams and rivers, drinking water is not scarce. But the houses are generally scattered and lying far apart from one another in valleys, and hence Common wells will not serve much. One or two wells that may be needed can be sunk by the PBDs or villagers with Contributions from Community Development Schemes. The request for diversion may be accepted.

S. Lakshmikantham Panigrahi

Please see the notes of the Dy. D.R.W. (S) from the bottom of page 1 above. He has stated that Gollaprolu is a mountainous area with numerous perennial jungle streams and rivers and drinking water is not scarce. The houses there are generally scattered and far apart from one another in valleys

7064O/52

Exp.C. W

and common wells are not much use. He is of the opinion that unless the problems of communications and necessary bridges causeways, culverts etc. are ~~tackled~~ tackled immediately and in the first instance nothing can be done in this firka. In the circumstances stated it is for orders whether the Collr. of S. Kanara will be permitted to divert the funds allotted for R.W.S for work connected with Village communications in that firka. Subject to orders a draft memo is submitted. Health and ~~Health and~~ May be done.

Finance (Exp.C)

Finance (Exp.C) Department

In G.O.No.1050, R.W. dated 17.9.1952 an allotment of Rs.25,000/- was sanctioned for Rural Water Supply Schemes and an equal allotment for improvements to village communications for each of the 25 firkas to which the Rural Welfare Schemes was extended during

Exp.C.2.11(A)

ADDITIONAL DEPUTY SECRETARY TO GOVERNMENT 89500 28 NOV 1952 EC 2.12 FINANCE DEPARTMENT

1952-53. In the case of the Sullia Firka in the South Kanara District, Rural Welfare propose to divert the allotment sanctioned for Rural Water Supply Works for village communications works for the reasons stated by the Deputy Director of Rural Welfare(S) on pp.1-2 above. It is stated that there will be very little scope for sinking of wells as Sullia firka is a mountaneous area with numerous jungle streams and rivers where drinking water is not scarce and that as the houses there are generally scattered and far apart from one another in valleys, common wells are not of much use.

In the circumstances of the case, the normal procedure is to resume the allotment of Rs.25,000/- sanctioned for Rural Water Supply Schemes and not to divert the amount for expenditure on village communications which results in (the sanction of an enhanced) allotment of Rs.50,000/- for village communications. R.W. may be requested to obtain specific orders in circulation including M (Finance) for sanctioning the increased allotment of Rs.50,000 for improvements to village communications in the Sullia Firka.

RURAL WELFARE DEPT.

In G.O. Ms. No. 1050 (R.W.), d/ 17-9-52 an allotment of Rs.25000/- each was sanctioned for expenditure respectively on R.W.S. and V.C. works in each firka to which the R.W.Scheme was extended in the current financial year. The Collector of South Kanara has in his letter on page 1 cf. has stated that there is very little scope for the sinking of wells in the villages except in some small town areas and that there is more need for road works to be undertaken in that area. It has also been reported that the Sullia firka is a mountainous area with

ASSISTANT SECRETARY TO GOVERNMENT

RURAL WELFARE DEPARTMENT

C 70640/52

numerous perennial/jungle streams and rivers where drinking water is not scarce. The problem of communication and necessary bridge causeways, culverts etc., should be tackled immediately so as to develop communication facilities among the scattered villages. The Collector has, therefore, requested that the allotment sanctioned for R.W.S. works viz. Rs.25000/- in that firka may be permitted to be utilised for V.C. Works in the same firka in view of the dire need for communication facilities. The Dy. D.R.W. (S) has also recommended the Collector's proposal. The Finance Dept., in their notes on pp. 3-4 above has stated that the normal procedure in such case is to resume the allotment sanctioned and not to divert the amount for expenditure from the R.W.S. to V.C. They have, however, suggested that specific orders in circulation should be obtained including M (Fin.) for sanctioning the increased allotment of Rs.50000/- for V.C. works in the firka in question instead of Rs.25000/- already sanctioned for the purpose. The case may therefore be circulated to the M (R.W.) and M (Fin.) for approval of the proposal.

The Coll's proposal may be accepted
Dr Sankaravadivel

This really amounts to diversion of allotment from one item to another not an increased allotment I think this may be allowed in the strict sense

M (RW)
